Ceram-A-Star[®] 1050

All color selections are coated with Ceram-A-Star 1050. A revolutionary siliconized modified polyester paint system. The introduction of this paint system will allow us to continue providing our customers with the highest quality products available. Backed by an unprecedented 40 year limited warranty making our panels the only choice for all commercial, residential, and agricultural applications.

Colors may vary from printed samples, for an exact match visit your nearest dealer for a paint sample.
